## 10th Annual Day Celebrations

Loyola International School marked a momentous milestone with its 10th Annual Day celebrations, marking a decade of holistic education in Qatar. Themed "Avishkar"—meaning "Invention" or "Discovery" in Sanskrit—the event highlighted the school's remarkable journey and its visionary aspirations for the future.

Sub-themed Zenith: Conquer the Heights, featured a storyline of unmotivated children traveling to 2050, witnessing advancements like eco-friendly cities and futuristic technologies. Inspired, they returned with renewed purpose to strive for a better future. The play emphasized the importance of dreaming big, embracing change, and working hard for a brighter tomorrow. Chief Guest Dr. Ram Shankar commended the school's dedication to all-round development and shared insights on the National Education Policy (NEP).

The spectacular event was a culmination of weeks of meticulous planning and tireless efforts by the teachers, students, and support staff. Loyola's Managing Director, Anup Chakravarthy, took a moment to appreciate these efforts, applauding all for their hard work and passion, emphasizing how their hard work reflects the school's values of excellence, creativity and collaboration.

Parents left the event beaming with pride, expressing gratitude for a celebration that reinforced their confidence in Loyola's holistic approach to education and its commitment to nurturing not just academics but also creativity, character, and leadership.

Loyola International School's Annual Day was a resounding success, celebrating not only a decade of achievements but also a promising vision for the years ahead.
